To Whom It Concerns:

It is with the greatest of pleasure that I write this letter of recommendation for Eduardo Del Signore. As a special education educator, I have encountered many different types of teachers; history, English, math, visual art, music, etc. I can truly say that it is rare to find a teacher like Eduardo. He is, by far, a very gifted musician and at the same time a talented teacher who is able to pass on his love of music to his students.

I have known Eduardo for about three years as he is my son's bass guitar teacher. He has made a significant impact on my son and his love of music. Eduardo is motivated and has disciplined work ethics as he is always on time and prepared for their lessons. He communicates well with young adults inspiring them to reach their goals in mastering their instruments.

Eduardo always takes the time to come to his student's performances at Malibu High. He has been at plays, concerts, variety shows and his support means so much to his students. As a parent, I know the power my son feels when he sees Eduardo at his shows. My son has the support of a man he truly respects and wants to be proud of him.

Eduardo is a highly capable, intelligent, personable individual who is a vital factor in the lives of his students. He is involved and active. I would recommend him with the utmost sincerity and enthusiasm and without reservation.

Sincerely
